

# Premium Peptides for Excellent Results

## Peptides with modified amino acids

- acetylated
- myristoylated
- palmitoylated
- phosphorylated
- rare amino acids

## Bioconjugates

- KLH
- BSA
- OVA
- Biotin
- Fluorescence
- Gold

## Custom synthesis

- 5, 10, 25, 50 mg or more
- 5 - 50 amino acids
- cyclic peptides
- special synthesis

## Peptide specific antisera

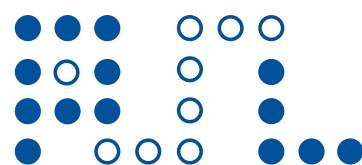

- mouse
- guinea pig
- rabbit
- other species

## Complete immunisation services

- Peptide synthesis
- Peptide conjugation
- Immunisation
- Affinity purification of antibodies
- All-in-one packages

All our peptides  
are guaranteed  
HPLC-purified and  
analyzed by  
mass-spectrometry!
